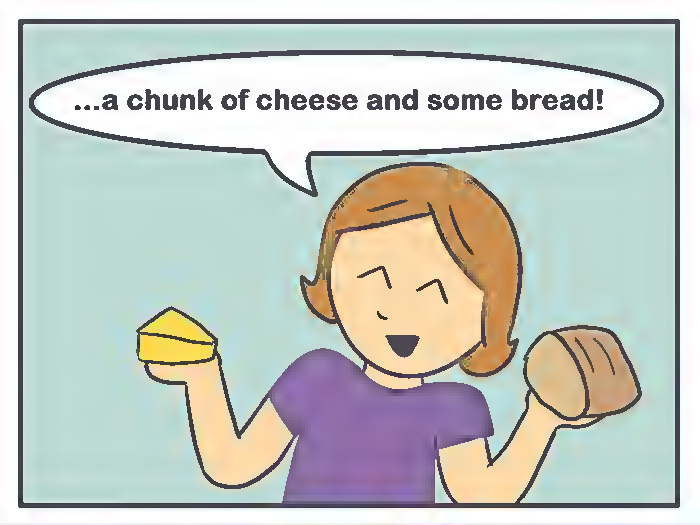
NICHOLALALA

Hmm, what is there to eat?

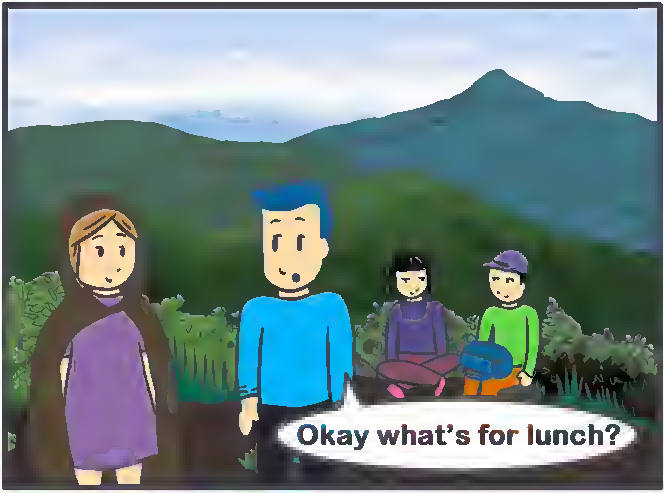
Oh... a chunk of cheese and some bread...

This makes me think of all the fantasy novels I've read where they go on a journey and pack...



...a chunk of cheese and some bread!

Remember we are going hiking with friends. Can you pack some lunch?



Okay what's for lunch?

Well because we are on an adventure...

...a piece of hard cheese and stale bread!!!

What?!

We are eating fried chicken

Why did I invite you?
